sixteen healing meals to local clients
facing a health crisis.

Healing Meals
COMMUNITY PROJECT

MADE WITH Love BENEFIT

WHO ARE WE?

Healing Meals Community Project is a local nonprofit organization based in Simsbury, CT that prepares and delivers organic, nourishing meals to families facing a health crisis.

Powered by adult and youth volunteers, our work is centered on three fundamental beliefs:

Food as Medicine:

Nutritious meals are more than sustenance; they are vital tools for the healing of body, mind, and spirit.

Youth Empowerment:

We recognize that teaching youth the value of community service makes them better citizens and makes our world a healthier place for all.

Community Strength:

We value the power of a supportive community and work closely with people and groups that share that value.

Join us in our mission to heal, empower, and unite—one meal, one heart, one community at a time.

MADE WITH LOVE BENEFIT

The Made with Love Benefit on Tuesday, June 24 is our Annual Fundraising Event.

A special night of community, vibrant food, and collective hope!
